Pursuant to Chapter 546, Laws of Montana 1995, effective July 1, 1995, the Department of Social and Rehabilitation Services (SRS) was disbanded. The functions of SRS were transferred to the new Department of Public Health and Human Services (DPHHS).

Subsequent to this legislative action, the rules in SRS's Title 46 were transferred or repealed to DPHHS, Title 37. All rules from Title 46 have now been addressed by DPHHS and no longer exist as Title 46 rules.

In order to maintain a historical record of repealed rules from Title 46, a list of those repealed rules, by chapter, will be maintained in Title 37. This list will include the rule number, catchphrase, and history note of each repealed rule.

Following this page are lists of former Title 46 rules, by chapter, indicating whether they were repealed or transferred and to which rule number they were transferred. Because there were reserved rules or subchapters, there are some gaps in the rule numbers in these lists.

The Administrative Rules Bureau is providing these pages as a research tool. These remaining pages of Title 46, as well as the Cross Reference Table, should be kept together for your future reference. Should you have questions regarding Title 46, the ARM Bureau will be able to assist you.

The following is a listing of Title 46 Chapters and Subchapters.
